

The Farmers Market Coalition's Free SNAP EBT Equipment Program

Announcing New Rules for 2016!

The United States Department of Agriculture (USDA) Food and Nutrition Service (FNS) has continued to partner with the Farmers Market Coalition (FMC) to provide eligible farmers markets and direct marketing farmers with the free electronic benefit transfer (EBT) equipment necessary to process Supplemental Nutrition Assistance Program (SNAP) benefits in 2016.

Who's Eligible?

SNAP-authorized farmers markets and direct marketing farmers (who sell at one or more farmers markets) are eligible for funding if they:

- A. Do not currently possess functioning SNAP EBT equipment; **OR**
- B. Currently possess functioning SNAP EBT equipment, but received that equipment before May 2, 2012.

*Note that the date of SNAP authorization is no longer included in eligibility requirements. FMC needs to know that your SNAP permit is active and in good standing, but doesn't need to know when you obtained it.

What's Covered?

FMC will cover the costs of purchasing or renting SNAP EBT equipment and services (set-up costs, monthly service fees) for up to three years. Approved applicants choose their own SNAP EBT service provider from a list of participating companies: MarketLink, MerchantSource, and TSYS. Transaction fees (for SNAP, credit, and debit payments) will **not** be covered.

Where Do I Apply?

Visit FMCToolbox.org to fill out the online application. An email address, **FNS number** (also known as SNAP permit number), a **signed W9 form**, contact information, and some general information about your farm or farmers market will be required.

How Does It Work?

- 1 GET APPROVED:** After FMC confirms your eligibility with the USDA FNS, you'll receive an approval email from FMC containing your FMC order number, and a link to information on participating SNAP EBT service providers.
- 2 CHOOSE A SERVICE PROVIDER:** Contact your preferred service provider directly to begin their sign-up process. Once all contracts or agreements have been signed by you, the provider will issue an invoice to FMC.
- 3 RECEIVE EQUIPMENT:** The service provider will send equipment directly to you. Activate your equipment and service. Start using your new equipment to accept SNAP!
- 4 REPORT:** At the end of the year, report your SNAP redemption and transaction totals to FMC.

Estimated Annual Service Costs to FMC Equipment Program Participants in Year Four (after funding period ends)			
12 months of service	\$220 + data plan ²	\$443.28 + optional data plan ⁴	\$264.23
6 months of service (seasonal estimate)	\$220 + data plan ²	\$221.64 + optional data plan ⁴	\$147.65
To learn more about service provider options, visit bit.ly/ProviderGuide or contact the provider directly.	marketlink.org Amy Crone (443) 212-8084 amy.crone@marketlink.org	merchantsource.com Kim Lyons 1 (800) 313-5198 KimL@merchantsource.com	tsys.com Chris Shanahan (402) 574-7016 cshanahan@tsys.com

¹ Transaction fees vary depending on the type of card used and how transaction is processed. Estimates in this table are based on swiped transactions with major cards (Visa, Mastercard, etc). Transactions that require entering a PIN, keying in the card number by hand, or using other types of cards (such as corporate cards, reward cards, or small companies) may be more.

² The MarketLink system includes three years of wireless service. To continue service after Year Three, you'll have to secure and pay for your own wireless plan. Check with your preferred wireless carrier directly for more information on wireless and data service rates. MarketLink also offers a **Bring Your Own Device (BYOD) option**, which allows participants to use their existing smart device (Apple iOs 6.0 or Android compatible) and wireless plan to run the MarketLink system. In the BYOD option, no added wireless fees would be required in Year Four, because you'd use your existing plan.

³ MerchantSource® is an independent, registered, agent office for Ignite Payments, LLC. All bank card merchant service fees are subject to change by Ignite Payments, LLC., a registered ISO of Wells Fargo Bank, N.A., Walnut Creek, CA.

⁴ The ConnectNPay system can run on Wi-Fi or with a data plan. MerchantSource offers an optional AT&T data plan of \$20 per month (\$240 per year) with a max of 150 MB, which can be covered under the FMC Equipment program for three years. After three years, the participant will be responsible for obtaining a data plan.
