¹ Transaction fees vary depending on the type of card used and how transaction is processed. Estimates in this table are based on swiped transactions with major cards (Visa, Mastercard, etc). Transactions that require entering a PIN, keying in the card number by hand, or using other types of cards (such as corporate cards, reward cards, or small companies) may be more. Refer to individual pricing schedules.

² The MarketLink system includes three years of wireless service. To continue service after Year Three, you'll have to secure and pay for your own wireless plan. Check with your preferred wireless carrier directly for more information on wireless and data service rates. MarketLink also offers a **Bring Your Own Device (BYOD) option**, which allows participants to use their existing smart device (Apple iOS 6.0 or Android compatible) and wireless plan to run the MarketLink system. In the BYOD option, no added wireless fees would be required in Year Four, because you'd use your existing plan.

³ MerchantSource® is an independent, registered agent office for Ignite Payments, LLC. All bank card merchant service fees are subject to change by Ignite Payments, LLC., a registered ISO of Wells Fargo Bank, N.A., Walnut Creek, CA.
